

CERTIFICATE OF UST CORRECTIVE ACTION

The waste described on the attached profile sheet and all subsequent generating locations listed within the profile sheet are subject to the UST corrective action regulations under 40 CFR Part 280. Furthermore, 40 CFR 261.4(b)(10) states that Petroleum contaminated media and debris that fail the tests for TCLP (D018 through D043) and is subject to UST corrective action regulations under 40 CFR 280 are not considered hazardous waste.
