- h. "Subject waste" means subject waste as defined in Section 1 of the Ontario Regulation 347 and includes liquid industrial and hazardous waste pursuant to this Environmental Compliance Approval.

You are hereby notified that this environmental compliance approval is issued to you subject to the terms and conditions outlined below:

TERMS AND CONDITIONS

1. Except as otherwise provided by the conditions of this Environmental Compliance Approval, the waste management system shall be operated in accordance with the conditions contained within this Environmental Compliance Approval and the supporting information submitted with the application for this Environmental Compliance Approval dated October 10, 1996 and dated January 6, 2012.
2. The operation of this waste management system is limited to the collection, handling and transportation of non-hazardous liquid industrial, hazardous liquid waste and hazardous solid waste class nos. 111-114 inclusive, 121-123 inclusive, 131-135 inclusive, 141-150 inclusive, 211-213 inclusive, 221, 222, 231-233 inclusive, 241, 242, 251-254 inclusive, 261-270 inclusive, 281, 282, 311 and 321 as described in the "Ministry of the Environment Waste Classes", as amended, January, 1986.
3. In addition to the collection and transportation of the waste outlined in the previous condition, this waste management system is also approved under this Environmental Compliance Approval to collect and transport commercial and non-hazardous solid industrial waste .
4. The Company shall promptly take whatever steps are necessary to contain and clean up any spills of waste which have resulted from the operation of this waste management system.
5.
 - (a) All waste pursuant to this Environmental Compliance Approval, listed in conditions 2 and 3 which are destined for a waste disposal site in Ontario shall only be transported to a site which is currently operating under an Environmental Compliance Approval, regulatory exemption or other written approval of the Ministry of the Environment which permits the acceptance of that waste at that site.
 - (b) All waste listed in conditions 2 and 3 which are destined for a waste disposal site outside of the Province of Ontario shall be transported to the Provinces or States listed in Schedule "A";
 - i. where the Company is transporting under a valid waste transporter permit or licence issued by the appropriate agency for that Province or State; and
 - ii. where the waste disposal site is currently operating under a valid approval issued by the appropriate provincial or state regulatory agency which permits the acceptance of that waste.
6. All waste shall only be transported in a covered vehicle.

7. Any addition, deletion or other change to the fleet of vehicles, trailers and equipment (i.e., year, make, model, serial number, licence number and ownership of each vehicle, trailer or piece of equipment) in particular those which are leased or rented, shall be reported to the Director within fourteen (14) days of any such change.
8. Except for the vehicle(s) that is/are owned and operated by or operated exclusively for a municipality or the Crown, every vehicle used for the collection and transportation of waste pursuant to this Environmental Compliance Approval shall be clearly marked with the company name and the number which appears on the face of the Environmental Compliance Approval that authorizes the collection and transportation of waste.
9. Every vehicle utilized to collect and transport subject waste pursuant to this Environmental Compliance Approval shall be insured under a vehicle liability policy for a minimum of one million dollars (\$1,000,000.00) until such time as this Environmental Compliance Approval is revoked.
10. The following documents shall be with each vehicle operated pursuant to this Environmental Compliance Approval at all times that the vehicle is being operated or contains any wastes:
 - (a) A copy of this Environmental Compliance Approval;
 - (b) A certificate verifying the driver's successful completion of a training and safety program, if required by Regulation 347; and
 - (c) A certificate of vehicle liability insurance specifying that it provides coverage of a minimum of one million dollars (\$1,000,000.00).
11.
 - (a) The Company shall notify the Director in writing of any of the following changes within thirty (30) days of the changes occurring:
 - (i) change of Company name, owner or operating authority;
 - (ii) change of Company address or address of new owner or operating authority; and
 - (iii) change of Company truck storage yard address/location.
 - (b) In the event of any change in ownership of the waste management system the company shall notify the succeeding (new owner) company of the existence of this Approval, and a copy of such notice shall be forwarded to the Director.
 - (c) The Company shall ensure that all communications made pursuant to this condition will refer to this Approval number.
12. This Environmental Compliance Approval revokes all previously issued Approvals issued under Part V of the Environmental Protection Act for this waste management system. The approval given herein, including the terms and conditions set out, replaces all previously issued approvals and related terms and conditions under Part V of the Act for this waste management system.

SCHEDULE "A"

Michigan, USA

New York, USA

The reasons for the imposition of these terms and conditions are as follows:

1. The reason for condition 1 is to set out clearly that this waste management system shall be operated in accordance with the conditions set out in this Environmental Compliance Approval and the supporting information submitted with the application for this Environmental Compliance Approval.
2. The reason for conditions 2 and 3 is to ensure that this waste management system is only used to collect, handle and transport waste which it is able to in a suitable manner as the transportation of waste which this waste management system is not able to collect, handle and transport may create a nuisance or result in a hazard to the health and safety of any person or the natural environment.
3. The reason for condition 4 is to ensure that any waste spilled onto the vehicle is promptly contained and cleaned up to minimize the risk of further spillage or the discharge of waste from the vehicle to the environment and to ensure that the proper officials of the Ministry of the Environment are notified and able to give direction to the Company to ensure the complete decontamination of the vehicle and clean up of the spilled material.
4. The reason for condition 5 is to ensure that the waste management system is only used to take waste to waste receiving site(s) that have been approved by the Ministry of the Environment, or the appropriate corresponding regulatory agency, to accept the waste this system is approved to collect, handle and transport under this Environmental Compliance Approval. Taking these materials elsewhere may create a nuisance or may result in a hazard to the health and safety of any person or the natural environment.
5. The reason for condition 6 is to ensure that waste particulates are not emitted to the environment as any such emission may result in a hazard to the health and safety of any person or the natural environment.
6. The reason for condition 7 is to ensure that all vehicles, trailers and equipment including those leased or rented for operation under this Environmental Compliance Approval have been approved as part of a suitable waste transportation system to collect and transport waste as an unsuitable waste transportation system could result in a hazard to the health and safety of any person or the natural environment.
7. The reason for condition 8 is to ensure that the collection, handling and transportation of waste is conducted in a safe and environmentally acceptable manner, as outlined in Regulation 347.

8. The reason for condition 9 is to ensure that every vehicle operated under this Environmental Compliance Approval is adequately insured under a vehicle liability policy. The transportation of subject waste in a vehicle that has not been adequately insured under a vehicle liability policy would not be in the public interest.
9. The reason for condition 10 is to ensure that all waste carriers have met and are operating in compliance with the standards for waste management systems outlined in Regulation 347.
10. The reason for condition 11 is to ensure that the waste management system is operated under the corporate, limited or the applicant's own name which appears on the application and supporting information submitted for this Environmental Compliance Approval and not under any name which the Director has not been asked to consider.
11. The reason for condition 12 is to clearly set out and consolidate the current provisions of the approval covering the Company's operations of the waste management system including the terms and conditions of this approval. By amending and re-issuing this Environmental Compliance Approval in this manner all interested parties are aware of the rights and obligations of the Company imposed by this approval.

Upon issuance of the environmental compliance approval, I hereby revoke Approval No(s). A800880 issued on October 21, 1996.

In accordance with Section 139 of the Environmental Protection Act, you may by written Notice served upon me and the Environmental Review Tribunal within 15 days after receipt of this Notice, require a hearing by the Tribunal. Section 142 of the Environmental Protection Act provides that the Notice requiring the hearing shall state:

1. The portions of the environmental compliance approval or each term or condition in the environmental compliance approval in respect of which the hearing is required, and;
2. The grounds on which you intend to rely at the hearing in relation to each portion appealed

Pursuant to subsection 139(3) of the Environmental Protection Act, a hearing may not be required with respect to any terms and conditions in this environmental compliance approval, if the terms and conditions are substantially the same as those contained in an approval that is amended or revoked by this environmental compliance approval.

The Notice should also include:

3. The name of the appellant;
4. The address of the appellant;
5. The environmental compliance approval number;
6. The date of the environmental compliance approval;
7. The name of the Director, and;
8. The municipality or municipalities within which the project is to be engaged in

And the Notice should be signed and dated by the appellant.

This Notice must be served upon:
