July 1, 2019

Dear Sir or Madam,

US Ecology, Inc. and its affiliates (collectively, "US Ecology") would like to invite you to participate in our ACH Payment program. The transition to ACH payments will begin in July 2020. In lieu of receiving a check for goods and/or services provided to US Ecology and its affiliates, your company's payment would be sent via electronic transfer and automatically credited to your account at your financial institution.

Please continue to invoice US Ecology as usual. Once US Ecology approves and processes your invoice for payment, an electronic remittance advice will be emailed to your company and your bank account will be credited. The remittance advice would include statement-type information such as invoice number, invoice date and amount paid.

If you elect the ACH Payment option, please complete all information on the attached Supplier ACH and Remittance information form, review the Electronic Payment Terms and Conditions, sign and email to purchasing@usecology.com or fax to (734) 521-8011.

If you opt out of the ACH Payment program, you may discard this notice and the attached documents. US Ecology will continue to mail checks for payment.

The ACH Payment program has proven to be an efficient and cost effective mechanism for making payments, for increasing payment security and for eliminating the two to three day transit time for mail. If you have any questions. Please contact Samantha Hull at purchasing@usecology.com.

Thank you,

US Ecology Finance Department
