

US Ecology Vernon Waste Facility Business Information

Capacity – Experience – Support

With nearly one million gallons of daily tank capacity and 546,000 gallon equivalents of container storage, US Ecology Vernon's waste treatment facility is especially suited to handle high volume events such as production surges, plant turnarounds, tank overflows and emergency response events. Waste can be delivered in any quantity, in packaging from small pails to drums, bags/boxes, bins, vacuum trucks and rail cars.

Advantages

- Capability, flexibility and convenience
- Hazardous or non-hazardous waste
- Centrally located, easy access
- Experienced technical support
- Environmental Health and Safety staff
- State Certified Laboratory on-site
- Tours and audits welcome

Wide Variety of Wastes Accepted

Hazardous (RCRA/Non-RCRA) and Non-Hazardous Wastes including, but not limited to:

- Acids and Bases, pH 0-14, liquid or solid
- Solids for consolidation including soil, debris, ink, oil, diesel and glycol wastes
- Groundwater, Wastewater and Rinsewaters
- Cyanide wastes
- Metal bearing wastes
- Photo processing wastes
- Off-spec chemicals
- Flammables
- Pesticides
- Aerosols
- Universal Wastes
- Most off-site waste sent to secure US Ecology, RCRA hazardous waste disposal facilities

As a fully permitted, RCRA Part B, treatment storage and disposal facility, we provide treatment, recycling and disposal services for a wide variety of liquid and solid industrial wastes. Various treatment methods are used to safely and compliantly manage incoming waste streams: dissolution, reduction, stabilization, filtration, oxidation, solidification, etc.

Waste Samples, Profiling and Shipping

Samples are accepted 8:00am – 4:00pm M-F

Many common wastes that can be characterized can be pre-approved and analyzed on arrival. Contact Customer Service to determine if a pre-shipment sample is required for your waste.

An approved profile form is required for all wastes delivered to the facility.

For scheduling wastes deliveries, contact Customer Service at 800-266-7747.
