RE: Application for Renewal of Hazardous Waste Facility Permit  
US Ecology Williston TSDf, Inc. (aka ENPRO Services of Vermont Inc.)  
EPA ID # VTR000517052

Dear Ms. McNeil:

Thank you for submitting the renewal permit application for the above-referenced facility in Williston, Vermont, received by the Vermont Waste Management and Prevention Division (WMPD) on March 25, 2020. As stated in Hazardous Waste Facility Permit condition 2.4, the existing permit and all conditions will remain in effect if the permittee submits a timely, administratively complete application for a renewal permit at least 180 days prior to the expiration of the existing permit. The Vermont WMPD has determined the submitted application to be timely and administratively complete as of March 25, 2020.

We will proceed to review the application for technical completeness and will contact you if deficiencies are noted or clarification is needed. Please feel free to contact me by telephone at (802) 477-2981 or by e-mail [anna.bourakovsky@vermont.gov](mailto:anna.bourakovsky@vermont.gov) with any questions regarding the renewal process.

Sincerely,

Anna Bourakovsky

Environmental Analyst, Hazardous Waste Program
