

Introduction

This guidance document was prepared to assist in completing US Ecology’s Waste Import Supplement. The Waste/Material Profile Form (WMPF) and its supplements provide the necessary information to safely and compliantly manage our customer’s waste/material. Completing all documents thoroughly aids in expediting the approval process. Current copies of the WMPF and supplements are available on US Ecology’s website (www.usecology.com).

For specific waste/material acceptance questions and/or instructions for US Ecology facilities outside of the United States, please contact our customer service team at 800-592-5489.

Foreign Generator Information

1-5	Foreign Generator Information	<ul style="list-style-type: none"> ➤ This information should be representative of where the waste/material originated. ➤ This section should be completed to match section A, B, and E on the WMPF.
-----	-------------------------------	---
